

How to make the perfect Peanut Butter Sandwich

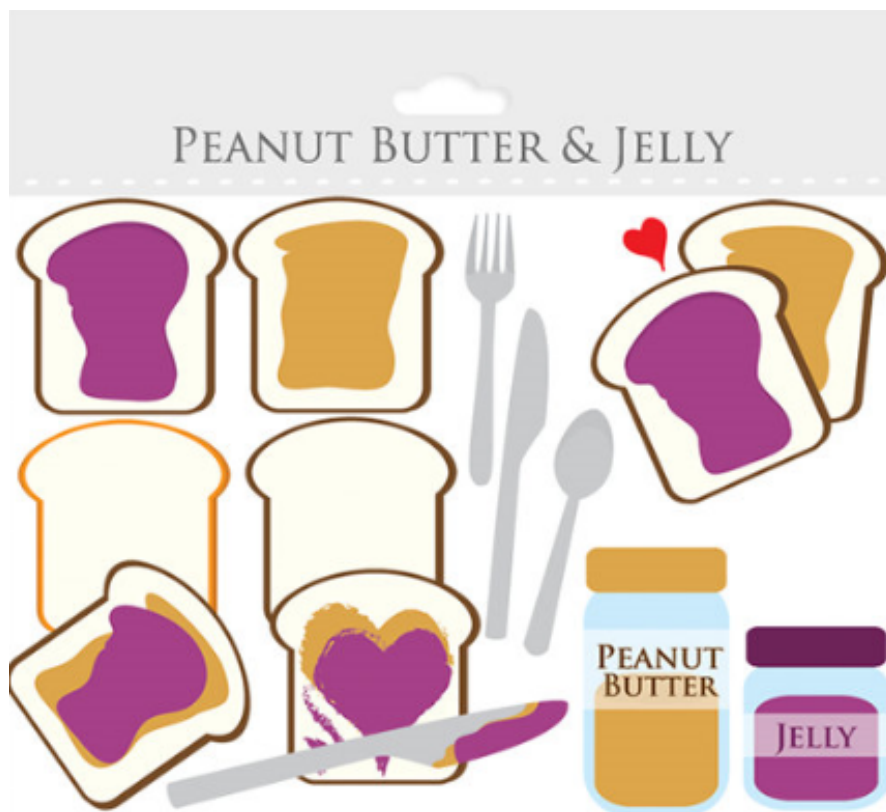

In this tutorial, we will learn how to make a perfect peanut butter sandwich. The Peanut butter sandwich is a popular and easy-to-make snack that'd come in handy if you're in a rush or on a budget. If you're hungry but also running late and you have nothing but some bread, peanut butter and jelly in your kitchen then guess what, you are in luck today because that is all we need to make the perfect peanut butter sandwich. Also, jelly is the magical element that'd make the sandwich even more interesting. So let's get started.

Step 1: The Prep

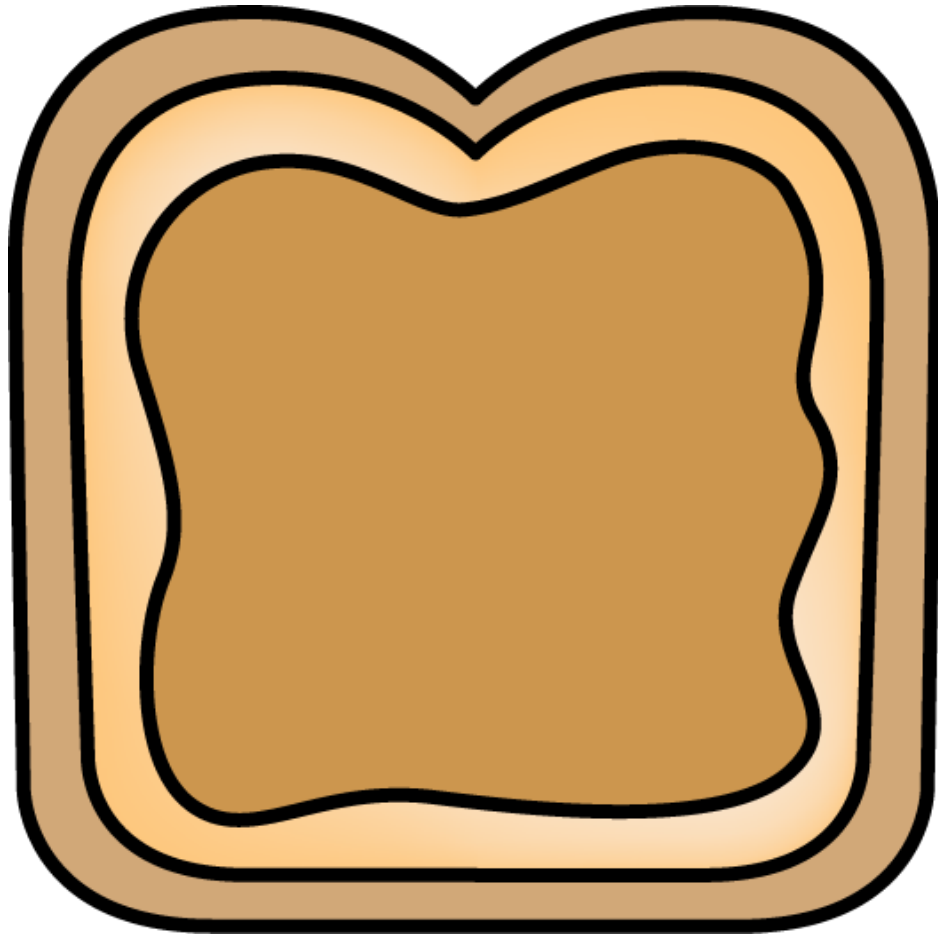

To start with making the peanut butter sandwich the very first step is to gather all the necessary ingredients and apparatus that are required. Here's what we'll need:

- Peanut Butter (Crunchy or smooth)
- Jelly
- Bread
- Plate
- Butter knife
- A regular knife

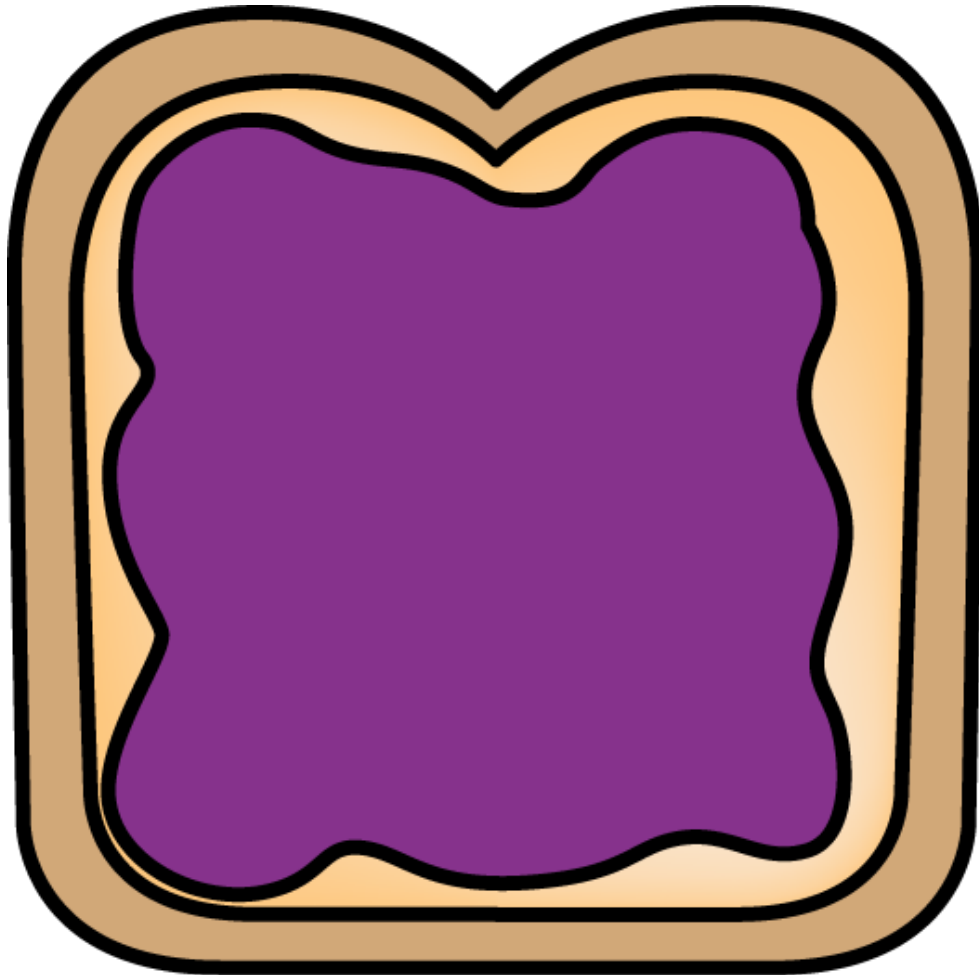

Step 2: Let's start

Put two slices of bread on a plate and carefully cut the edges. (Yes! We'd want the sandwich to be even and smooth) Now, using a butter knife evenly spread a generous amount of peanut butter on one of the two slices. Make sure the peanut butter layer is smooth and consistent otherwise the unevenness will be a party spoiler.

Step 3: The magic

Jelly is the magical ingredient that makes the peanut butter sandwich more tasty, sweet, and enjoyable. Grape jelly is the most preferred one but you can use a flavour of your choice. Using the butter knife apply a generous amount of jelly to the other slice of the bread. Make sure you do not apply force on the bread as the wet jelly can make it softer thereby causing it to tear.

Step 4: Put it all together and enjoy!

Put both the slices of bread over each other in a manner that the peanut butter side faces the jelly side. Align the slices perfectly so that the sandwich doesn't get messy and we can avoid fallouts whilst we eat. Cut the sandwich diagonally into 2 pieces using the regular knife.

Lastly, enjoy the amazing Peanut butter sandwich with an oozing flavour of jelly! Along with a glass of milk or on its own Peanut butter sandwich is a sure winner and king of all quick snacks.
